Indian Community Forum

India Club Inc. has opened its wings and created the Indian Community Forum (ICF), a broad based, simple & cohesive platform of organizations and prominent individuals to participate and achieve meaningful results for the community, working together in a cooperative and harmonious manner, without apparent hassles of another formal umbrella association.

The immediate foray of ICF is to advance worthy community interests; generate support structures and resources backed by a unified sound establishment, to achieve meaningful results for a combined Indo-Australian community. Along with this, certain other aims and objectives of the Forum are to:

- Develop strategic mutual support between Indo-Australian Organizations and the Community on selected issues of direct relevance.
- Engage Indians, Australians and various cultural, social, regional and linguistic Associations and Businesses to embrace this forum and to participate enthusiastically to be a cohesive, credible and proficient voice of Indio-Australians in Australia.
- Be advocate of relevant community interests.

This Forum is for people and organizations that are committed to community causes and are willing to collectively provide schema, leadership and management to advance the agreed ICF activities for benefit of the Community. The forum is also open to Interstate and global community of the same intent, to participate and derive benefits from the ICF. Some other benefits the Forum members will gain are:

- The ICF endows the platform with an agenda and a competent unified force.
- The Members and their associates form a pool of resourceful skill set to actively participate and advance/oversee various programs/activities.
- The Members derive additional support and gain resources to promote their own activities. Members participate actively and become a unified and effective group while maintaining their individuality.

The Forum membership is by nomination and at the invitation of India Club.
